

Some 2016 Bilby Tracks testimonials

“The food was terrific, the camp atmosphere was second to none, the field work was really enjoyable – learnt plenty and felt so good being there for the Bilbies. ... Time to decamp and head home ... can't believe the time passed so quickly. Farewell my Scat Pack friends – you enlightened my mind, lifted my spirits and filled my heart with warmth.

Would I go again – you bet!!”

“Travelling by coach with small group of likeminded people of varied ages and backgrounds turned the long trip into a highly engaged and interesting meeting of minds as the conversations flowed non-stop.

The work was very interesting and for me, as a birdwatcher, there was the added bonus of spotting Crimson Chats, Brolgas, Budgerigars and many other desert bird species.

It was a real privilege to take part in the Bilby Tracks tour. I feel that I was able to contribute in a small, but nonetheless real way to the Greater Bilby conservation effort. As someone who is concerned with science, conservation, and an interest in outback landscapes and wildlife, I thoroughly enjoyed my time with Bilby Tracks tour.

The tour itself was well organised with transport, camping and catering, courtesy of Geoff and Blue Bus Tours, all fantastic value. I encourage anyone with similar interests to participate when the next tour comes around.”

“I enjoyed the company of all members of the ‘Scat Pack’ of Bilby Tracks 2016 and the organisers and additional information people who made the trip a wonderful experience. At all times I was encouraged to be a part of what was going on even though my hearing isn't all that good and was made to feel most welcome. I wish to thank your Organisation for its' wonderful work and the initiative that made my “Citizen's Experience” a memorable nine days.”
